Whole Body Traditional Thai Massage "Wat Po" Style

I would like to introduce you to the original Thai massage which is acknowledged worldwide as the Wat Po Massage style. Giving whole body massage can help to relieve muscular fatigue and pain, reduce tension and headaches, regain mobility in muscles and joints, and promote relaxation. Thai massage is also helpful not only to stimulate the circulation of blood and the lymphatic system, but also improves the body immunity for anti-aging and longevity.

Service Rate: 1 hour (3000 yen), 1.5 hours (4500 yen), 2 hours (6000 yen) excluding transportation

Thai Foot Massage "Wat Po" Style

The foot massage method integrates the knowledge of Chinese reflexology points with the most relaxing Wat Po massage techniques. Thai massage practically starts at the sole of the left foot to stimulate the wind element and balances all of the four elements in the human body (earth, water, wind and fire). Moreover, pressing and massaging through reflexology points are beneficial to regain and improve activities of the internal organs.

Service Rate: 1 hour (3500 yen), 1.5 hours (5200 yen), 2 hours (7000 yen) excluding transportation

Thai Herbal Ball Massage "Wat Po" Style

A combination of Thai massage and Thai herbal compression improves blood circulation and nourishes the skin. Traditional Thai massage is performed to enhance the joint and body flexibility. The herbal compression has many benefits, including anti-inflammatory, when applied with pressure and heat along energy lines.
